LETTING DOWN BARS

AMENDMENT 21 WOULD LEAVE STATE AT MERCY OF INCOMPETENTS

In opposition to amendment No. 21, to be voted on at the November election, and dealing with the dental laws of the state, the following statement has been issued by Victor E. Shaw, justice of the state supreme court:

Under the provisions of a wise enactment of the legislature, the purpose of which is to prevent quacks, charlatans and incompetents from engaging in the practice of dentistry in this state, every dentist who wishes to practice his profession in California must pass an examination before the state board of dental examiners as to his qualifications. The law applies alike to all dentists, whether they are native Californians and graduates of two of our dental colleges, which, as to standard, are classified by the United States government and Dental Educational Council of America among the 14 highest in the United States, or come from other states. Thus inability to fulfill our requirements properly bars many incompetents and quacks from imposing upon the public.

Under the provisions of proposed initiatory amendment No. 21, to be voted on at the November election, any blacksmith or horse doctor coming here from a foreign state and, regardless of his qualifications or ability, could, by merely showing that he had elsewhere pulled teeth for a time and had \$25 in cash to pay for a license, engage in practice. Thus it will be seen that one of the chief safeguards which we have for protecting the public will be destroyed.

If the standards for the practice of dentistry are to be changed they should be raised, not lowered. As is well known, good dentistry is one of the essentials for the maintenance of public health. Under the provisions of this proposed vicious and destructive amendment California would be placed at the bottom of the list of states giving adequate dental protection to its citizens; hence public health would be menaced.

Let us hope that this glaring misuse of the initiative will suffer a defeat which shall serve as a just rebuke to the interest responsible for it. One of the chief aims of a government is to protect the health of society, which to no small extent will be accomplished by voting "No" on amendment 21, whereby it is sought to do away with laws regulating the practice of dentistry in this state.

BOND SALES BY WOMEN

FINAL REPORT OF WOMEN'S COMMITTEE IN FOURTH LIB- ERTY LOAN CAMPAIGN

The final report of the work of the local Women's Committee in the Fourth Liberty Loan Campaign has been prepared by the Chairman, Mrs. Charles H. Toll, and it makes interesting reading. It shows what thorough, conscientious effort was put forth and the very gratifying results. As Mrs. Toll says, in this report, which is addressed to her captives: "The figures below speak for themselves."

Final Report of Bonds Sold by Women Workers in Precincts

Precinct 1.....	\$ 7300.....	81 bonds
Precinct 2.....	11650.....	131 bonds
Precinct 3.....	7350.....	83 bonds
Precinct 4.....	2600.....	35 bonds
Precinct 5.....	12700.....	75 bonds
Precinct 6.....	2450.....	27 bonds
Precinct 7.....	7050.....	73 bonds

LIBRARY WORK

MRS. DANFORD AND ATTEND- ANTS STILL BUSY IN SPITE OF EMBARGO

Mrs. Danford, City Librarian, reports that although the library is closed she and her assistants have put in busy eight-hour days bringing up odds and ends of back work which they had not been able to reach before. One such job has been the cataloguing of bulletins which will make

BIG ADVANCE ON ITALIAN FRONT

ANGLO-ITALIANS HAVE CROSSED PIAVE ON A THIRTY MILE FRONT AND ARE STEADILY ADVANCING

(Special Service to Glendale Evening News)
WITH THE ITALIAN ARMIES AFIELD, October 29.—Italians today were advancing over a 37 mile front from Mont Spinocia to Rochandelle. East of the Piave they have completely pierced the Austrian lines and patrols have passed beyond Monticane river representing an advance of ten miles.

JOB UNDER UNCLE SAM

OLIN SPENCERS ACCEPTS GOV- ERNMENT APPOINTMENT AS INSPECTOR OF SUPPLIES

Olin Spencer, who has been acting Vice-Chairman of the Glendale Red Cross Chapter since the departure of A. L. Lawshe, and who has given faithful and efficient service, has just accepted a Government position as inspector of army supplies, a job for which he is well fitted by his years

REPORT TO CONGRESS

DRAFT BOARD DISMAYED BY LATEST ORDER FROM PRO- VOST MARSHAL

Provost Marshal General Crowder has asked all draft Boards to enlist volunteer clerical help of ability and intelligence to prepare a summarized report of the entire work of the Board to date, to be embodied in a report to Congress. Chairman Lanterman declares the tabulation of the information required by the blanks furnished would take a force of clerks about six months, and he is somewhat dismayed by the proposition coming at this busy time, which the Board is expected to execute in a few days.

Under recent orders, the examination of registrants by physicians in their offices will cease and henceforward all such physical examinations will be made at the headquarters of the Board.

The volunteer clerical workers who assisted the Exemption Board Monday included Misses Waite and Poppy, Mr. Morris and Capt. D. Ripley Jackson.

Mrs. Jackson, Chief Clerk, who has been under the weather for a day or two and who was absent Monday, was at her post as usual this morning.

Chairman Lanterman visited the offices of the District Board in Los Angeles Monday to convey the cards and other data relative to the 300 appeals for exemption on agricultural or industrial grounds from this district which that Board will have to act upon. The appeals thus filed have exhausted the Board's supplies of blanks and any new appeals made will have to await new supplies.

CAPTAIN HARRY C. BOEHM

Good news has come to three ladies in this city, viz., Mrs. R. M. Yost, Mrs. Catherine Shank and Mrs. Harry E. Rogers, sisters, who reside at 433 Riverdale drive. They have just been advised that their nephew, Harry C. Boehm, who makes his home with Mrs. Yost when in Glendale, has just received a commission as Captain. He went into army service and entered the first officers' training school a year ago last spring and received his Second Lieutenant's Commission. Subsequently he was promoted to a First Lieutenant and stationed at San Francisco with the 63d Infantry, which was sent to Camp Meade, Pennsylvania, and there he acted as Adjutant Commander and was finally made Captain, a commission which he has just received. As the 63d Infantry was split up, he is now Captain of the 32d Machine Gun Battalion. He attended Glendale Union High School and has many friends here who will be interested in his military success.

SOCIAL INSURANCE

A "HALF-BAKED" SCHEME TO PUT SOMETHING OVER ON CALIFORNIA

Dr. Henry R. Harrower is quite worked up over the social insurance amendment to be voted upon next Tuesday, which he declares is "a scheme to put something more over on the poor California people," and that "this is no time for experiments of this sort." Entirely apart from the vast increase of the taxes of the present residents, he says it would make California a Mecca for the sick and ailing of other states who could profit by the cheap insurance, while the well who would have no need of it, would be encouraged to stay in states where no such tax is imposed.

Inasmuch as it applies only to certain classes of wage earners, he considers it so limited in scope as to amount to class legislation. This is emphasized by the provision under which the state would dictate the school of medicine the beneficiary should patronize. It would in his opinion set up a medical trust and be a conspiracy against the practitioners of other schools who in an epidemic like the present one might be largely cut off from giving aid to insurance beneficiaries and cause a congestion of the practice of the favored school, working an injury and injustice to doctors and patients, yet the practitioners who are discriminated against would be forced to pay their proportion of the insurance tax just the same.

The doctor argues that California can well afford to let other states try out the experimental legislation constantly being suggested; that our first duty is to win the war and provide for the financial support of the war until it is victoriously ended. It is a big contract, he thinks, and we have no time or money to waste on half-baked schemes like this amendment.

INSTRUCTION TO GO ON

HOME STUDY PROVIDED FOR REGISTRANTS AND DRILL FOR OFFICERS AND INSTRUCTORS

A profitable meeting of the Military Committee of the Instruction Board was held at the headquarters of the Exemption Board in the City Hall Monday evening which was attended by Captains Watters, Kelly, Jackson and by Norton C. Wells, Chairman of the Instruction Board, and Mr. McNitt, Chairman of Publicity.

At this meeting it was decided that in order to bring registrants to the proper degree of efficiency for entering cantonments, it is very essential that they should have some training in the Manual of Arms.

In order to instruct the men in the Manual of Arms it was decided that it would be necessary for the military committee to obtain some pieces for their instruction, and that it would be necessary to have about 500 pieces, either imitation wooden guns or genuine army pieces that could be obtained.

The committee invites suggestions from the citizens of District No. 7 as to the best means of obtaining either the wooden guns or other suitable pieces. The expense of the wooden guns would amount to about \$1250 and as the committee has no means of using any funds and does not feel justified in asking the registrants to contribute even a small amount, as the are under government instruction, the question now presents itself how to obtain the necessary equipment.

If any patriotically inclined citizens desire to offer any suggestions either from a financial standpoint or otherwise, the committee would be glad to hear from them at the earliest possible opportunity in order that they may give the registrants the benefit of every hour before their enlistment.

It was also decided that during the epidemic the military committee would hold small classes of instruction consisting of ten officers at a

of mercantile life, particularly his grocery experience.

He begins his work this morning, Tuesday. An important part of his duties will be the inspection of canning factories, of which there are seventy-six in his district between Bakersfield and San Diego and in making the inspections he takes into account sanitary conditions as well as the pack, and makes sure that the containers are made according to government specifications. His headquarters will be at the Government warehouse in Los Angeles, where army supplies are kept.

INFLUENZA PREVENTIVE

Mrs. G. O. Lockwood of West Harvard calls attention to the fact that inasmuch as influenza infection is carried in the air and dust is supposed to be a medium, it would be well if each household would take the trouble to sprinkle the street in front of his premises night and morning for the purpose of keeping down the dust around his home. Some of the Southern California cities are flushing the streets twice a day, as a preventive measure, but in the absence of such action here if each citizen would do his part, the same result could be accomplished.

WEATHER FORECAST—Fair to night and Wednesday. Gentle westerly winds.

time, which is permitted by the Board of Health, these schools to be at the call of the chairman of the military committee, said meetings to be held Wednesday and Friday evenings of this week at the Exemption Board Rooms in the City Hall and Tuesday and Friday of next week and the following weeks until the ban has been lifted.

It is the request of the committee that all instructors and officers set apart these nights in anticipation of a call for instruction as it is desired to cover the entire list of instructors and officers so that at the resumption of drills they will all be in a position to instruct the men with uniformity.

For the information of all registrants (Continued on Page 2)

DEATH OF MRS. KOBER

Mrs. Emma J. Kober passed from this life Tuesday morning, October 29, at her home, 1420 East Broadway, after an illness of less than a week of influenza. Mrs. Kober was 46 years of age and is mourned by her husband, Elias F. Kober and four sons, Howard, Albert, George and Theodore.

The sincere sympathy of the community goes out to this bereaved family. They have lived in Glendale for sixteen years and have many loving friends who will mourn with the family in the death of this good woman.

Funeral services, which will be private, will be held at the parlors of the Jewel City Undertaking Co. Thursday at 11 a. m.

REMOVAL OF POLE LINE

H. B. Lynch, head of the Public Service Department, reports with satisfaction that the Southern California Edison Company, which has heretofore maintained two pole lines on Central avenue in this city, is now taking down the east line. This was a transmission line not used in the local service and the Company has other means of carrying the current. The west line will remain in for the present, as that supplies Glendale and other communities with power.

These two service lines have been a detriment to Central avenue, but the city was powerless to compel their removal as they existed by virtue of a long-term franchise. Most of the lines it has been able to transfer to the back lots and alleys. Officials are therefore delighted to have this removal accomplished by the voluntary action of the Company.

NEWCOMERS IN GLENDALE

J. W. Pearson, the real estate and rental agent, reports several new arrivals in Glendale who will be a distinct addition to the community, for instance, he has rented a two-story house on Central avenue for a year to Mark Russell of Hollywood, who has bought lots here and will build a home as soon as conditions permit.

Property at 335 West Colorado boulevard has been rented to W. G. Sackett from Colorado. Mr. Sackett is accompanied by his wife and by his wife's mother, who is over ninety-three years of age. This is her third

THE EVENING NEWS IS NOT SENT TO PERSONS WHOSE
SUBSCRIPTIONS ARE NOT PAID IN ADVANCE

In order that the importance of selecting the right man for Assemblyman from this district, may not be overlooked by the voters the John Robert White Club has resumed its activities for the balance of the campaign. The paramount needs of the present moment require public officials who can guarantee full performance of pre-election promises, and the best guaranty of a man's ability to accomplish results is the record of his past accomplishments. John Robert White is a successful business man, a loyal and public spirited citizen and trustworthy in every way. It would be a serious matter if the voters who desire that kind of a representative at Sacramento should fail to see that he is elected. The "reconstruction" period is approaching swiftly and strong men in the legislature are of the first importance.

Advertisement

WHERE ARE THEY BOUND?

Troop trains with windows framing laughing, hat-waving crowds of youths in khaki shouting on their way to the great adventure overseas—nobody inquires where they are bound. Everybody knows. But there are other trains these days which do arouse curiosity, trains filled with hundreds of young women and girls.

"Where are all the girls going?" The crowded trains are not readily associated with the munitions factories. Yet the boys in khaki and the girls are all off for the same work—to whip the Hun. The boys are going to fight; the girls to make their weapons.

From all parts of the land, a million and a half women have answered Uncle Sam's call for workers. Each draft will increase the number. They are doing virtually all the office work of many big firms, taking charge of inspection and tool departments, running machinery, turning lathes, polishing metals, making gas masks, making uniforms, helping with medical supplies—doing everything except the heaviest work. Some wear overalls, some khaki coats and aprons, and some in regimentals are driving auto trucks.

Large numbers of these girls go back to furnished room and boarding house at night. "What are their recreations?" the War Department has asked. The answer has been a request to the War Work Council of the Y. W. C. A. to take care of them out of work hours.

CONSERVATION IN THE HOME

Reduce the number of burners used. You can cook more than one kind of food over the same burner. If you have a colander on a wire basket that fits over an ordinary kettle, you can steam such vegetables as carrots or squash in the colander at the same time that you boil potatoes in the kettle. The under part of the double boiler can be used to boil eggs or small vegetables, while cereal cooks in the upper part. Compartment vessels that have two or three separate divisions fitting together over one burner may be purchased.

Regulate the size of the flame. Turn it out when you remove the vessel from the burner. Matches are cheaper than gas.

Have a regular bake day. If you bake bread, bake as much at one time as will be eaten before it dries out.

Don't light the oven to bake a single dish. If you have a roast for dinner that requires the use of the oven, plan a baked dinner. Beef roast with brown potatoes, scalloped tomatoes, and Apple Betty all could be baked at one time. Or, if you light the oven to bake quick breads or cake, bake fruit or a dessert for another meal. Small ovens that fit over one burner save fuel.

Select foods that can be quickly cooked. Cook in large quantities such foods as cereals and soups that require long cooking. They will keep in the refrigerator and you will save much food.

Hon Chas H Randall
Member of Congress
Referring your letter October seventeenth order will be issued effective
January first nineteen seventeen establishing independent presidential
postoffices at Glendale SouthPasadena and Alhambra California with
all necessary postal facilities..

A S Burleson
Postmaster General

Two years and three days ago, just prior to Mr. Randall's re-election to Congress in November, 1916, the above message was ordered published by Mr. Randall in the Evening News. It turned out to be a grand stand political deception as every citizen in Glendale well knows there has not been an independent postoffice established.

Now he and his friends come before the public with another similar political announcement.

The men and women of the Ninth District are possessed of sufficient intelligence to elect a Congressman without aid from distant points. Randall's main work in Congress the past four years has been to arrange the political wires for his re-election. He has gotten nothing of importance for his district, and gets no recognition as a man of brains and initiative in Congress. This district is in need of a talented man,—a man who can get assistance to build up the industries of the district and of all of Southern California. Reading these "every two year" telegrams is becoming a joke.

GERMANY'S RESOURCES

Far from improbable is the rumor attributing to Von Hindenburg the initiative in Germany's peace plea because of the drying up of the sources of munitions and war material. With all the melting down of captured cannon and church bells and door handles, Germany has reached the end of her resources. The policy of blood and iron collapses because of lack of blood and iron. The story of the tanks is corroborative on this point. Why has Germany failed to build tanks of her own to meet the allied tanks, and opposed an armored mobility of machine guns to the Allied moving fortresses? Germany has never been averse to borrowing ideas from the enemy. She borrowed the submarine and the airship in peace times, she borrowed from the French the method of breaking through in the time of trench warfare, she borrowed from Nivelle the method of surprise. It cannot be that Germany has failed to master the secret of the allied tanks. One or two captured or disabled allied machines would give away the secret. It is hard to escape the conclusion that Germany simply has lacked the raw material for tank building. The tank is a device which combines the toughness of a pill box with the delicate machinery of a motor car, and Germany has been unable to lay her hands on the material for motor and armor construction on a large scale.

INSTRUCTION TO GO ON

(Continued from Page One)
trants, it is the purpose of the Military Committee to publish each day certain portions of the infantry drill regulations for the study and guidance of all draft men. These quotations from the Manual will follow in small installments daily. The following is called to the attention of all registrants and instructors
Position of the Soldier, or Attention
51. Heels on the same line and as near each other as the conformation of the man permits.
Feet turned out equally and forming an angle of about 45 degrees.
Knees straight without stiffness.
Hips level and drawn back slightly; body erect and resting equally on hips; chest lifted and arched; shoulders square and falling equally.
Arms and hands hanging naturally, thumb along the seam of the trousers.
Head erect and squarely to the front, chin drawn in so that the axis of the head and neck is vertical; eyes straight to the front.
Weight of the body resting equally upon the heels and balls of the feet.

The Rests

52. Being at a halt, the commands are: **FALL OUT; REST; AT EASE;** and, 1. Parade, 2. Rest.
At the command **fall out**, the men may leave the ranks, but are required to remain in the immediate vicinity. They resume their former places, at attention, at the command **fall in**.
At the command **rest** each man keeps one foot in place, but is not required to preserve silence or immobility.
53. 1. Parade, 2. REST. Carry the right foot 6 inches straight to the rear, left knee slightly bent; clasp the hands, without constraint, in front of the center of the body, fingers joined, left hand uppermost, left thumb clasped by the thumb and forefinger of the right hand; preserve silence and steadiness of position.
54. To resume the attention: 1. Squad, 2. ATTENTION.
The men take the position of the soldier.

Personals

Sergt. Lampert, one of the night members of the Glendale police force, is ill with the "flu."

Mrs. William Goff of San Jacinto has been the guest of Mr. and Mrs. George Peterson of South Maryland (Blanche) avenue.

James Howarth of Harvard street, who is employed in the offices of the Pacific Union Conference, is taking a vacation this week.

Guy Emerson Rice of Tropico district, who has been inducted into the Coast Artillery, was entrained for Fort McArthur Monday.

Rev. Theodore Hopping and family, who have been residing at La Crescenta, have moved to Glendale and are now located at 414A East Harvard avenue.

Miss Lillian Shropshire reports that her brother, Charles T. Shropshire, who is still stationed at Chicago, reports there isn't a single case of influenza on their ship.

Mr. and Mrs. Walter Pettit have returned to Glendale from Long Beach, where they have been living since last February. Mr. Pettit will go to his work at the ship yards from here.

Elder Stephens of the Pacific Union Conference has returned from a trip to the North during which he expected to attend a convention at Eureka, but owing to the prevailing epidemic it was called off.

Mrs. Grace Tilden and her daughter Dorothy, sister of Mrs. M. Ogden Ryan, left Glendale last week for Bakersfield, where they expect to spend the winter with Mrs. Florence Myers, daughter of Mrs. Tilden.

Mrs. M. Ogden Ryan and her father are moving this week to a bungalow they own at 419 East Harvard street. It is but a block from where they have been living, so they will not lose their neighbors.

Mrs. R. C. Lane of 120 West Doran street, whose husband, Lieutenant Lane, is in service and on his way to France, left Monday with her children for Banning, where she has friends and where she plans to spend the winter.

Mr. and Mrs. J. H. Mellish have been under the weather for the past few days, but both are better. Their daughter, Mrs. C. W. Charlton, and children have gone to Redondo Beach for a month, believing that days spent in the open on a sunny beach will be the best protection the children can have against "flu."

Mr. and Mrs. E. J. Jackson of Bardolph, Illinois, relatives of J. J. Burk of South Maryland avenue (Blanche), arrived in Glendale Saturday. They came by auto via the Santa Fe Trail and enjoyed the trip exceedingly. They expect to spend the winter in Glendale and will be located on South Glendale avenue. They may decide to make their permanent home in Southern California.

October is the birthday month in the family of Rev. and Mrs. C. P. Norton, for five birthdays of members of the family are celebrated in that period. Plans were laid for a family reunion and dinner last Sunday in celebration of the birthday of Mrs. Norton, but owing to the "flu" the plans had to be changed and the special family guest list was limited to Mrs. Hilliard and her little daughter Phyllis. Also present were Dr. J. H. Henry and Comrade George W. Sanford, old friends of Rev. and Mrs. Norton and members of the N. P. Banks Post.

PHOTOS

Somebody, somewhere, will surely be glad to look into your smiling face about December 25th, so make your appointment today and do not delay till the rush comes. Isaac Studio, 206 E. Broadway. 24128

MARY ADAMS JAMESON

Mrs. Mary Adams Jameson died at the home of her son, Harry M. Jameson in Glendale early Tuesday morning. She had been staying in Glendale for some weeks, but her home was in Orange, where the funeral services will probably be held on Thursday.

Scovern-Letton-Frey Co. are in charge of the funeral arrangements.

JABEZ ROBINSON

Jabez Robinson of Sacramento, after a short illness, died Monday morning. The family was on an automobile trip and all were sick, but Mr. Robinson was the only one to succumb. The body will be shipped to his former home Wednesday evening by Scovern-Letton-Frey Co.

DR. ROY V. HOGUE, DENTIST, in the First National Bank Building, desires to announce change of telephone service, new number to be Glendale 888 (eight double eight). 39125

Save our Money. Insure with H. L. Miller Co. and buy Liberty Bonds with what you save. 35130

FUNERAL OF LOU KERRI

Members of the White Star Patrol of the local Elks Lodge, of which Lou Kerri was manager, delegated six of their number to serve as pall bearers when funeral services were held Monday afternoon and his body was consigned to its last resting place. The services were necessarily private, but the sympathy of the community was manifest in the wealth of floral tributes which were very beautiful and numerous. Conspicuous among them were the pillow sent by the Sunshine Company, the beautiful floral wreath of B. P. O. E. Lodge 1289, the lovely star of white carnations sent by the White Star Patrol, the harp of roses and carnations from "The M. Club," wreath of violets from Carpenter's Local Union No. 563, white chrysanthemums by Glendale Montrose Railway Company, and many other tributes from the personal friends of Mr. and Mrs. Kerri.

The services, which were brief and which were held at the Pulliam parlors, included two beautiful vocal selections by Mrs. Herman West and a prayer by Rev. C. Irving Mills.

Under the official restrictions, only immediate relatives were permitted to attend the funeral services, but the Grand Officers of the Fraternal Brotherhood were represented by Gilbert Carter and Mrs. Emma I. Nidig, of Los Angeles. Mr. Kerri was a member of Oakland Lodge 123 of this Order.

RED CROSS NOTES

Wool is going out at a lively rate from the wool department of the Glendale Red Cross Chapter, of which Mrs. Helen Campbell is Chairman. The Chapter has received an allotment of 300 pairs of socks and fifty sweaters to be completed by the fourteenth of December, and this means persistent industry by the knitters. An excellent start has been made on the socks allotment and the work being turned out by the Chapter has been commended by the officials of the Pacific Coast Division. There is plenty of yarn on hand for socks, and knitters are urged to present themselves and get to work. A shipment of yarn for sweaters is expected by Thursday.

Mrs. Helen Sadler, Chairman of the Hospital Garments Section, announces that a shipment will be made to San Francisco the latter part of the week and it is very important that all garments in the hands of workers in the shape of dresses, petticoats and pajamas be returned without delay that they may be included in the shipment.

The Section has received a new allotment of five hundred refugee garments and help is needed. The materials are on hand and will be cut into garments, and needwomen are asked to report for service either at the workroom or at their homes. The workroom is now open all day.

"GLEANINGS" BY PETE

How about the back yard? You most frequently see unsightly and uncared-for back yards and it is discouraging for anyone contemplating owning a home. I happened, the other day, to see a back yard that would make most any one envious. It is located at number 618 North Maryland. The owner bought the property about four years ago when it was a new house but only a vacant and undeveloped back yard. He has today eight bearing orange trees, two avocado pear trees, two citron trees and various other trees and rose bushes which are beautiful. By diligent care and persistent effort this one property owner has enough producing on the back end of a fifty foot lot to more than pay the taxes on the property. How about it, friend? Are you cultivating that back yard, and if not, why not? It will repay you many times over. Take a look at the one on North Maryland avenue and be convinced.

MISS FRANKLIN DEAD

E. S. Franklin has received a message stating that his daughter, Miss Emma E. Franklin, a Red Cross nurse who was on duty at Camp Cody, Deming, N. M., had passed away. Her family assume that she died of influenza. The remains will be shipped to Glendale for interment in charge of the Jewel City Undertaking Co. The arrangements for the service can not be made until the arrival of the body.

ELBERT JONES GLENN

Elbert Jones Glenn passed away in Glendale today from a sudden attack of pneumonia. He leaves a wife and brother to mourn his loss. Funeral services will be held at Forest Lawn Cemetery at 2 o'clock Wednesday, Scovern-Letton-Frey Co., undertakers.

LIEUT. KNIGHT OVER THERE

Mrs. A. P. Knight of 1395 East California avenue is just in receipt of a card announcing that her son, Lieut. Alfred W. Knight, has arrived safely overseas. 35130

Insure your property against Fire at the old rate and buy Liberty Bonds with the money you will have left. H. L. Miller Co., 199 Brand Blvd. 35130

Money raised by American children will finance the Franco-American Children's Hospital in Bordeaux, France, built by the Red Cross.

SEVEN WAR WORK RELIEF AGENCIES JOIN IN DRIVE

Recognized Great Organizations Representing All Creeds and Elements Welded Into One.

\$170,500,000 IS THE GOAL.

Plan of War Department to Avoid Waste of Energy and Duplication of Effort Enthusiastically Adopted and Unity is Achieved.

WHAT GENERAL PERSHING NEEDS

"Give me nine men who have a hut and I will have a more effective fighting force than if I had ten men without it."

—General Pershing.

On November 11 the American people will start a one week's drive to raise the largest amount of money ever given outright by any people in the history of the world.

The drive will be a new thing under the sun. For the first time Protestants, Catholics and Jews, forgetting all their differences, will line up shoulder to shoulder, welding their individual organizations together in their common devotion to the boys in the cantonments and over there. This amalgamation of the seven great agencies engaged in war work is one of the fine developments which have been brought about by the war and under the wise guidance of President Wilson.

The seven organizations which together will make this united appeal are the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army. Each of them will need funds this Fall; each had planned a separate campaign for support. Now, acting on the suggestion of the President's letter of September 5, the seven campaigns will be rolled into one. The American people will be spared the burden of seven separate appeals, and the nation will have an opportunity to demonstrate splendidly that men and women of all creeds at home can work together, as men of all creeds over there are fighting and dying together.

Dr. John R. Mott, whom President Wilson has spoken of as one of the ablest and most useful men of his generation, has been selected Director General of the drive. It is interesting to note that Dr. Mott's name was placed in nomination by John G. Agar of the National Catholic War Council and seconded by Mortimer L. Schiff of the Jewish Welfare Board. The general committee having the campaign in charge contains such well known names as Raymond B. Fosdick, Chairman of the Commission on Training Camp Activities; George W. Perkins, Chairman of the Finance Committee of the U. S. Steel Corporation; James F. Phelan of Hornblower and Weeks; Honorable Myron T. Herrick, former ambassador to France; Cleveland H. Dodge, George Gordon Battle, Mrs. Henry P. Davison and Frank A. Vanderbilt, president of the National City Bank.

In every city, county and town the campaign will be in charge of the biggest men of the community.

Together these seven organizations represent a work that is staggering in its proportions. They have more than 15,000 uniformed workers, standing shoulder to shoulder with the boys every step of the way from home to the front line trenches. They operate more than 3,600 buildings and ship 500 tons of supplies to the boys in France every week. Fifteen miles of film set sail for the other side each week under their direction, and the regular weekly attendance of soldiers and sailors at their motion picture shows is more than 2,500,000. The Bibles furnished to the boys since the war broke out would, if piled one on another, make a pile more than twenty miles high.

"Morale," said Napoleon, "is as other factors in war as three to one." By which he meant that one man who is kept contented and happy is better than three men who are discouraged and homesick. It is the business of these seven great agencies to help maintain morale. They are keeping up the fine fighting edge of our boys, and by their ministrations, helping to put added power into our army and navy and so hasten the hour of victory when they will bring our boys home again.

It is predicted by national leaders that this great victory drive will "go over the top" in a larger way than any campaign that has preceded it.

SPECIAL NOTICE

To County School Trustees and Principals

From J. L. Pomeroy, M. D., County Health Officer. Oct. 23, 1918.

UNLESS OTHERWISE NOTIFIED, THE DATE OF OPENING FOR THE COUNTY SCHOOLS WILL BE

NOVEMBER 6, 1918

All pupils or other persons employed in school must be excluded from attendance unless:

- A—They present a certificate of health from their family physician, or
- B—Are inspected by a representative of the County Health Office, or
- C—Present a signed statement of parents of freedom from disease.

School districts must make arrangements with the County Health Department or local physicians to maintain an adequate system of medical inspection upon the opening of school.

This a matter of serious moment and if you neglect due precautions the influenza will continue to spread.

Yours respectfully,

J. L. POMEROY, M. D.

CONSERVE

—The Fuel Administrator is asking us to conserve our coal. To that end we suggest that our customers burn some wood with the coal.

—Try some of our olive wood. It burns freely, lasts well and will give satisfaction.

BOND SALES BY WOMEN

(Continued from Page 1)

776 bonds. This makes the total purchase of bonds by Glendale women to be \$129,800—1173 bonds.

I decided rather early that, since the women's work was to be kept carefully segregated and reported upon, it would be well to include in each women's precinct committee the woman principal of the school in that precinct. So I consulted each Captain and added the following workers:

Precinct 1—Mrs. Cora S. Taylor, Columbus avenue school.
Precinct 2—Mrs. Fannie O. Stone, Pacific avenue school.
Precinct 3—Miss Ida M. Waite, Colorado boulevard school.
Precinct 5—Miss Lois Hatch, Doran street school.
Precinct 6—Miss Carrie M. Noble, Third street school; Mrs. Mary O. Ryan, Broadway school.
Precinct 7—Miss May Cornwell, Acacia street school; Mrs. Mary M. Barclay, Magnolia avenue school.
Precinct 9—Miss Annie L. McIntyre, Central avenue school.
It will be noticed from the above that no school is located in Precinct 4. Though Cerritos avenue school is in Precinct 8, the sales there were made through Mr. Harwood, the principal, hence could not be reported as women's work. For the same reason, the High School, though in Precinct 3, could not be counted, as Mr. Howe managed the work there. Miss Noble is now the Principal of the Third street school since Mr. White has gone away, and she managed the work during the bond campaign, as Mr. White was away at the time.
We were asked to report an Honor Roll, that is, the names of those who made second purchases of bonds at some time subsequent to the first purchase. I was surprised, on looking through the bank lists carefully (through which all bonds bought in Glendale are reported) to find 57 women's names on this roll with additional subscriptions amounting to \$12,100.

I think it must require far more of an effort to continue the attempt to sell bonds in the face of discouragement by refusal or report of having bought elsewhere, or some other reason. There were many of our solicitors, I know, who persevered until the entire territory assigned them had been covered, and were unable to show much by way of results. To all these I would express my especial gratitude for their faithful efforts.

The following members of our committee sold ten or more bonds each:

Mrs. H. A. La Grosse
Mrs. Cora S. Taylor
Miss Ellen D. Williams

WESTERN UNION TELEGRAM

NEWCOMB CARLTON, President

GEORGE W. E. ATKINS, First Vice-President

Received at Main Office, South Raymond Ave., Pasadena, 42 C. S. O. K. 51 Govt.

The White House, Washington, D. C., 11:08 a. m.

Oct. 28, 1918

Dr. Z. T. Malaby,
Pasadena, Calif.

I am glad to say in reply to your inquiry that Mr. Randall's course in Congress has proved of the highest value to the country and that I should deem it a distinct loss at this critical time if he were not returned.

WOODROW WILSON.
